

## BLIMP PHOTOGRAPHY

- Heights for perfect views
  - 5m to 120m!
- Unlimited mobility to obtain best vantage point.
- No need for flat ground or vehicle access. We can go anywhere a person can walk (or steer a boat).

## RICH VARIETY OF HEIGHTS & ANGLES

The blimp can be moved around to different angles and sent aloft to any height in its range to ensure that your property is uniquely captured from the best perspective.
